

# surface — — collection

Our printing inks reach each and every part of the printed texture. The tiles are printed with absolute precision, carefully marrying the design with the corresponding texture to unparalleled technical effect. There are no optical illusions.

Everything is real. What you see and what you touch are one and the same thing. The printed veins coincide perfectly with the texture. Everything you have always longed for in ceramic tiles has now been achieved by Evvolution Ceramic.

# versatility for — — every space

## FORMATS

120X240CM TO 30X60CM

The several decades of experience, aptitude for experimenting and ability for innovation, has been able to combine ceramic tradition and technology, respect for the environment and research. These characteristics have led us to produce high-end, ceramic tiles that create a new material for architecture and design: maximum, the first porcelain tiles offer its range with new smart formats, 120x240 cm to 30x60 cm

120 cm

60 cm

## THICKNESS

A new concept of creativity tailored like a second skin in 8.5 to 9 mm thickness.

When it comes to choosing the perfect tile, thickness matters. At Evvolution, we understand the importance of selecting tiles that are not only beautiful but also durable and long lasting. That is why we offer tiles in various thicknesses to suit different applications. Our thicker tiles are ideal for high-traffic areas such as commercial spaces, while our thinner tiles are perfect for residential use. Whatever your needs may be our team of experts will help you choose the right tile thickness to ensure that your project looks great and lasts for years to come. Choose Evvolution for tiles that are not only beautiful but also built to last.
